

40% Reduction for Outstanding Parking Tickets

For a limited time, the Town of Islip will offer a 40% reduction for outstanding parking tickets.

The Town of Islip is offering a one-time chance for relief for outstanding parking violations. The Parking Violation Amnesty and Collections Initiative will provide individuals with outstanding/unpaid parking violations partial fee forgiveness on owed monies and a restoration of registration status.

Roughly 8,000 violators with outstanding balances will be notified about taking advantage of this one time offer. To address these outstanding balances, violators with tickets issued from January 1, 2005 to July 31, 2012 will receive a specific notice that will list summonses that are currently open, along with the relevant details for each violation.

**The designated amnesty period is from
September 17, 2012 to October 20, 2012**

The Town is offering a forty percent (40%) reduction of the outstanding summons amount. A payment of sixty percent (60%) of the amount outstanding will be accepted by the Town as a full payment for these issuances. Violators include individuals who have never responded to the Town's previous notice, who have plead guilty and are awaiting a hearing date, and those who still have outstanding balances for unpaid violations.

Regular collection and enforcement of violations will resume following the amnesty period. Sent notices will also indentify actions that the Town may take if violators do not avail themselves and take advantage of the amnesty offer, such booting the vehicle, loss of registration, or default judgment.

Individuals who do not participate in this 30-day amnesty may face more serious enforcement actions after October 20th.
